## Pellston Hornets Here Friday

GRAYLING SCORES — Richard Smith, No. 30, drops in a shot from the corner against the East Jordan Red Devils at the Grayling gym on Tuesday of last week. The Vikings big center, Walt Nielson, is in the center of the photo while working for possible rebound position starts.

With a pair of victories, the Grayling Vikings moved back into a second place tie in the Northern Class C Conference basketball wars last week. This week, they will host the dangerous Pellston Hornets in the Grayling gym Friday night.

In their first meeting of the year at Pellston on December 11th, the Vikings won 69 to 59. Last week, Grayling triumphed over East Jordan at home Tuesday night 63 to 59 and over Boyne City there Friday night by a 69 to 45 score.

In other conference action last Tuesday night, Gaylord downed Pellston 76 to 69 and Charlevoix stopped Harbor Springs 73 to 64. Friday night, the leading Gaylord Blue Devils just squeaked by the Harbor Springs Rams 66 to 64 and Charlevoix tied with Gaylord for the loop top spot just managed a 76 to 72 win over Jowly Mancelona but only after two overtimes. Pellston tripped East Jordan 76 to 63.

This Friday night, besides the game at Grayling, Mancelona will be at Harbor Springs, Boyne City at East Jordan and Gaylord at Charlevoix which may be the top game of the season.

Here Tuesday night, Grayling took a 22 to 13 first period bulge and led 37 to 27 at intermission. East Jordan outscored the Vikings 11 to 10 in the third frame but the green and white battled back with a 19 to 12 fourth quarter to win going away.

Walt Nielson with 18, Terry Smith 16 and Terry Wright 11 were all in the double figures for the Vikings. LeRoy Neal added 8, Pat Thompson 7 and Richard Smith 6. Grayling hit on 23 field goals, 20 out of 35 free throws and were called for 20 fouls.

Mike Bell with 11 was high for East Jordan who scored 16 times from the field, added 18 of 23 free throws and were called for 22 fouls.

Friday night at Boyne City, Grayling led 18 to 15 at the end of the first frame and then moved out to a 33 to 22 halftime spread. They outscored the Ramblers 16 to 9 and 20 to 14 in the last two quarters.

Terry Smith with 21 led the Viking scoring. Pat Thompson with 11 and LeRoy Neal with 10 were also in the double figures. Eddie Robertson added 8 very important points all in the second quarter.

## Beaver Creek Annexation Is Now Complete

Another page in history was written Monday evening, Jan. 18, when Mrs. Richard Johnson, secretary of the Beaver Creek School District No. 1 board, officially turned over the school records to the Grayling School District board as a result of the annexation vote on Jan. 9th. Cecil Canfield, board president, was unable to be present.

The Grayling Board is happy to have Beaver Creek in their district and welcomes the Beaver Creek board members or anyone who is interested to attend their meetings which are held the second Monday evening of each month at 7:30 p. m. in the home-making room at the high school. The present Beaver Creek School was built in the summer of 1919. Forrest Annis was most helpful in going through the board minutes of the district and found recorded a special meeting held June 3, 1919, when the "bid of \$4,972.75 by Wm. Jorgenson, contractor," was accepted to build the school "according to plans and specifications on file."

Howard Annis of Traverse City tells us he hauled gravel for the foundation and basement of the school from what is known as the Three Sisters pit. The district was bonded to the Grayling Bank in the amount of four thousand dollars to pay for the building according to the records.

Forrest remembers that before the schoolhouse was built classes were held in an old log house belonging to a Mitchell Paquette. This building burned and on the same site a house was built in which the Dominic Galvani family lived. This too was destroyed by fire. The temporary quarters were necessary because the original schoolhouse had burned at 2 p. m. on February 5, 1918, according to the board minutes of February 7 of that year. The account in the *Avalanche* reads as follows: "The schoolhouse in School District No. 1 Beaver Creek township, known as the Benedit schoolhouse, was burned to the ground Tuesday afternoon. Fire was discovered in the ceiling near the chimney soon after school opened in the afternoon. It was only by prompt action by the teacher, Mrs. Effie Henry, and that the children were able to leave in good order and also save some of the books and furniture. The school seats, some of the children's books, pictures and a few other articles were lost. It is believed that the chimney must have cracked or exploded in the attic thus causing combustion." Also according to the minutes the building was insured for \$1,500. George R. Annis was director of the school board at the time. Other board members were Hans Christenson and Jens Hanson. Mrs. Lon Heath taught school the following year in the temporary quarters and Lucille Treat was the teacher the first year in the new school.

## Kiwanis Club Notes

By Wes LaGrow

Monday evening's meeting of the Kiwanis Club of Grayling was held at the Chief Shoppens Motor Hotel. Les Hunter was in charge of the program and introduced Claude Lytle.

Mr. Lytle spoke to the club on some of the experiences of his father who was a driver in many of the Indianapolis 500 Mile Races. He then presented a film of the entire 1964 race. His talk and film were much enjoyed by the members.

President Don Jansen and his wife, Vice President Bruce Carlson and his wife, past Lt. Gov. Earl Burns and his wife, John Lausche and his wife and Leon Rochette and wife, all spent last Thursday and Friday in Detroit attending the celebration of the 50th Anniversary of Kiwanis International. Highlight of the celebration was a huge birthday banquet held at Cobo Hall. The affair covered a floor area equal to a entire football field. The Grayling club filled one entire table with members and wives.

## Dr. Allison Goes West For Salmon Talks

Dr. Leonard Allison of the Grayling Fish Hatchery left Sunday for Portland, Oregon and Seattle, Washington, to get all information possible on the biology and cultural problems, such as diet and treatment of disease concerned with the propagation of the kokanee and coho salmon which Michigan intends to raise and stock in the state's waters.

Mr. Emerson Kreig, foreman at the Oden State Fish Hatchery, accompanied Dr. Allison. Mr. Kreig has had extensive experience in fish cultural practices in Michigan and will explore practical problems encountered in the hatcheries in Oregon and Washington.

Dr. Allison will learn as much about the technical problems experienced in these hatcheries as possible and the research problems now being investigated.

Michigan has never had any experience with the kokanee and coho salmon while Oregon and Washington have been handling them in hatcheries for many years. If possible, Dr. Allison will visit lakes to get an idea of the habitat of these fish in addition to the hatchery problems. He will also visit the College of Fisheries in Seattle, to confer with men there who have done considerable research on both species of salmon, and the Western Fish Disease Laboratory, U. S. Bureau of Commercial Fisheries in Seattle, to discuss research problems with personnel there.

Dr. Allison expects to be away ten days. Mr. Kreig was to return earlier.

## "Open House Meetings" Frederic Twp. Vol. Fire Dept.

Chief Art Mayer wishes to announce a plan for holding meetings which the public in general, and local citizens in particular are cordially invited to attend. These "Open house" type meetings are scheduled for the first Monday of each month — the first one will be on Monday, Feb. 1st, at 8 o'clock, in the Frederic Town Hall.

Several authentic movies from the film library of the Michigan State Police will be shown. They will deal with various subjects of informative and instructional interest, not only to firemen and civil defense workers, but to all parents, especially of grade school youngsters.

It is planned to hold a short questions and answers period at these meetings, and occasionally a speaking — personality — will be secured.

Incidentally, if it will be convenient, watch the TV Acent program at 12 noon, Thursday, Jan. 28th, Channel 9.

## R. S. V. P.

The open invitation offered by the Friends of the Library was accepted last week by The Grayling Woman's Club when a "free will" donation was contributed to the Crawford County Library Building Fund.

Will your organization R.S.V.P. in some way to assist in obtaining the necessary \$14,000 for the Building Fund?

## NEW ABSENTEE POLICY AT G. H. S.

A more stringent policy concerning student absences from Grayling High School has been put into effect by the school administration. The decision was made necessary because of the high absence rate, in many cases without sufficient reason.

The average absenteeism in September was 31 students per day; in October 40 students per day; in November 46 per day and in December 55 per day. Since the policy has been placed in effect the average daily absence has been 28 students.

Every consideration is given to students who have valid reason for their absences.

## TANK CREW TO ADOPT INDIAN CHILD

Eighteen men from the Field Training Equipment Concentration Site, under Lt. David Hanson, expressed interest in an advertisement which appeared in the Army Times recently, telling how groups could sponsor the upbringing of a child. They followed through by sending in a first payment towards adoption to the Christian Child's Fund, Inc., of Richmond, Virginia, and received a reply stating that they would soon be sent a picture of the child they were sponsoring, an Indian child on one of the U. S. reservations.

# Girl's Ski Team Places First

By Rhoe Stripe

The Grayling High School Girl's Ski Team proudly took a first place January 13 when they raced against Charlevoix and Petoskey High Schools at Walloon Hills Ski Area. The total time for the Grayling girls was 25:49 sec. Petoskey came in second with 27:51 sec. and Charlevoix disqualified. Too many girls.

Jody Wyman led the girls with first places in both the slalom and giant slalom runs. Karen Lovrie had a lot of trouble with her bindings during the slalom run but she came back to take second place in the two giant slalom runs. Rhoe Stripe was disqualified for jumping the gun so her times could not be counted. Jumping the gun is leaving the starting gate before the final count. Linda Rutkowski is a new member this year and she decided not to race this time. We have been so hampered not having enough snow to practice on that everyone feels sort of ill-prepared. Jeanne Wyman is our chair new member on the girls' team.

The Grayling boys did not do as well as expected, but of course the excuse is so little practice. We have quite a few new boys on the team, so many, in fact, that not all of them could race and have their times counted. Only six members can race for a team at a time. Randy Thompson had the best time for our boys in the slalom run, but during his first giant slalom run he fell and ran into one of the poles. He thought the pole had penetrated his leg, and asked off the course, but fortunately the only thing penetrated was his ski pants. Mickey Stillwagon had the best giant slalom run for the Grayling boys.

The total time for the Grayling boys was 31:18 sec. for Petoskey 29:25 sec. and for Charlevoix 24:57 sec.

Mr. and Mrs. Howard Day drove up, and Mrs. Day, along with Mrs. Kenneth Wyman and Mrs. Vernon Gardner kept score of the times. Mike Lovely, our coach, and Mr. Bovee, our teacher sponsor, were the other adults along for the trip.

It is interesting to note that fully four inches of new snow had fallen during the day at Walloon. But Grayling received only a light dusting. Also, the whole trip back was accompanied by driving snow until we got past Fredette.

Saturday, January 15, found the ski team traveling to Sugar Loaf north of Traverse City, for a five-way meet there. The meet had previously been scheduled to be held at Hickory Hills at Traverse City, but due to lack of a good base snow it was moved to Sugar Loaf. The five schools participating were Traverse City, the host school, Charlevoix, Roscommon, West Bloomfield Hills and Grayling. For the boys' ski teams Traverse City came in first with 31:53, Grayling came in second with 32:56, then came West Bloomfield Hills with 41:35, Charlevoix with 41:37, and

# February Seminar To Look At Hospitality

By David Olson County Extension Director

All aspects of the manager's role in Michigan's giant public hospitality business will be considered during a February 21st management seminar at Michigan State University.

Theme of the seminar scheduled for MSU's Kellogg Center in East Lansing is "The Managerial Mind: Improving the Manager's Ability." The use of science and art, communications and organization, use of financial statements in making successful decisions, planning and control, guest expectations, the civil rights law, advertising and selling, along with creativity are subjects scheduled for discussion.

Case problems where managers of motels, resorts and hotels describe important problems they have faced will be a seminar feature. Seminar participants will then formulate the best solutions to these problems. These solutions will be compared with what the manager actually did to solve the original problem.

All managers in the public hospitality business are urged to attend the seminar. Further details are available from David Olson at the Oscoda county extension office at Midway or by writing: Tourist and Resort Service, 4-5 Eppley Center, MSU, East Lansing.

# PONY TALES

By JANET W. OLSON

By the time this column is printed we may have snow on the ground. Once winter has started in force it will be impossible to keep your ponies looking as sleek and well groomed as you can during the summer months, but don't neglect the brushing as your pony will appreciate it more than ever now that his coat has grown heavy, thick and at times lousy. You will find your pony's coat contains an unbelievable amount of dust and brushing is the only way you can remove it since you can't give your pony a bath during cold weather.

If you find your pony rubbing or biting at himself it is wise to check for lice. It is nice and warm under that heavy fur coat and lice seem to come from nowhere. Your Veterinarian can recommend a good lice powder to use on your pony, and plan to take lots of time if you are going to do a good job as the powder must be rubbed deep into the hair about every half inch.

Don't be deceived by the heavy winter coat your pony wears. Once a week "flick" the pony. Push your fingers way down through the hair and feel for ribs and hip bones. You may find a thin pony under that puffball appearance. Young ponies will need more grain than their mothers during the winter. Watch the hay feeding as hay is apt to produce a hay belly and not put meat on the bones.

Remember to check your fences often after the snow starts to fall. A fence that has been just the right height during the summer months may be too low, and easy to jump, with snow banked up around it.

**HINT FOR THE WEEK**—Ponies do not like icy cold water to drink, hence won't drink as much as they need. Try to give your ponies water at about 50 degrees twice a day.

## Africa, A Problem...

The massacres in the Congo shocked the Western world. The tales brought out by survivors were almost incredible — rape, torture, cannibalism were the order of the day.

The joint Belgian-American rescue mission, which saved some 1,200 whites in the Stanleyville region alone, earned the praise of the West, although many felt that it should have been conducted on a larger scale and under conditions of secrecy.

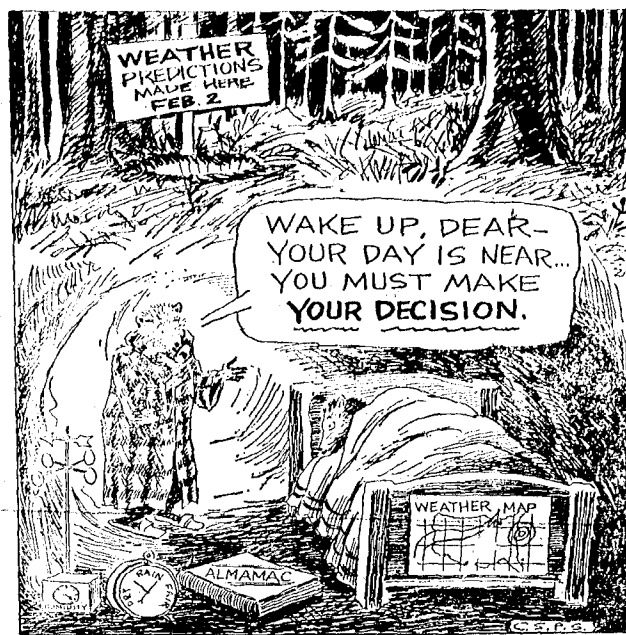

But the Western attitude was not shared in Africa. When the Congo matter came up for discussion in the United Nations, only a single African nation, Nigeria, defended the United States. All the others denounced in extreme terms what we and Belgium had done. We had been guilty, they said in effect, of ruthless imperialism. And the communist representatives, saying nothing about the atrocities, acting as if they had not occurred at all, joined in the chorus.

This is all history now. But is a continuing history, whose end no one can presently foresee. And it outlines the problem that this country, along with our allies, faces in the vast continent of Africa. It is a problem which could, and very possibly will, loom larger than that of Viet Nam and Southeast Asia.

The new African nations, theoretically free and sovereign, have been emerging by the dozen. And nothing quite like this has ever occurred before in history. They have come to statehood almost wholly without preparation. The old imperialist rule, such as that of Belgium, was certainly shot through with abuses and injustices. But it had stability, the means and the desire to maintain order. Once the European governors were gone, the whole administrative structure collapsed. There was nothing to take the place of colonialism, detested as it might be. Robert S. Boyd of the Chicago Daily News Service writes, "The Congo was a 'nation' only on the map. It was split into more than 200 tribes, often ancient enemies, speaking a babel of more than 100 languages." And what is true of the Congo is true of all the black Africa. The vast majority of the peoples are illiterate. They live a tribal life which has hardly changed over the centuries. Violence, of the most brutal kind, is a part of that life.

These nations have their vote in the United Nations. In the General Assembly, therefore, they are equal in authority to any other country — the United States, the Soviet Union, England, all the rest. Their voices and their positions — supported as they usually are by the communist bloc — become more and more demanding. This, in the view of most Western observers,

## GROUND HOG ALERT

ers, amounts to international democracy carried to the point of mania.

There are now signs that this country, with others, is reluctantly but inevitably and necessarily coming to a new attitude toward Africa. In the words of U. S. News & World Report, "The U. S. and Belgian military action was widely interpreted as a turn toward a firmer policy toward savage tribes that pose a civilized nation." The magazine quotes a Western diplomat with a long background of African experience as saying, "... ignorant and unambitious tribesmen are the mass of the citizenry of the so-called new nations. The sooner we of the West face such facts the better for all of us — including black Africa." Then, beyond this, there is the fact that Africa is now a vital battleground in the cold war. Victory will not be easy.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE  
FILES OF THE AVALANCHE OF 23 YEARS AGO

January 27, 1942

Drilling for oil, we understand, has started in Beaver Creek township.

Grayling's green and white basketball squad has stretched its string of victories to three. The last two wins over conference teams, Mancelona and Boyne City. In defeating the favored Boyne Ramblers, the locals displayed a brand of basketball for three quarters that amazed the fans as well as puzzled the opponents. At the three-quarter mark Grayling had a 28-14 advantage, but bogged down in the last period to go scoreless and win 28-19.

Frank ... for many years a well-known resident of Grayling and Gaylord, passed away at the home of his brother, Hiram Calkins, in Marine City Monday. Mr. Calkins, who was about 84 years old, had been in poor health. He was one of the familiar figures about Grayling's streets for many years and was one of the founders of the Recreation club on the Avenue where he spent many happy days. He loved fishing and hunting and knew just about all there was to know about fish and birds and animals of the woods. After leaving Grayling he was connected with the telephone business in Gaylord.

A program of special interest was given Monday evening at the home of Mrs. Frank Bond, president of the Woman's Club. "Hawaii" was the subject. Mrs. Ernest Hoelsi gave a talk on the "Early History of Hawaii." The Misses Stahlman, Franker and Harrison sang two trios, "Aloha," "Farewell to Thee," and "Song of the Islands." Mrs. Bond presented a number of souvenirs from the island and gave a talk on each. Mr. Bond showed two very fine films. Following the program the hostess and Mrs. Hoelsi served Hawaiian dessert. Some 33 members were present to enjoy the program.

Paul Hendrickson, who has been employed in Saginaw, is back at his former job as bookkeeper at Hunter's Dairy.

Miss Jean Brady of Detroit spent the weekend with her parents, Mr. and Mrs. John Brady.

Mrs. Hugh Patterson of Detroit is spending this week visiting her sister-in-law, Mrs. H. J. Shaw. Kenneth Peterson left for Louisiana last week to visit his brother Donald who is serving in the U. S. Army there.

Walter Windate of Flint spent the weekend at his cabin on the river.

Born to Mr. and Mrs. Norman Bancroft (Doris Leverton) a daughter, on Sunday, January 25th at the Herman Kiefer Hospital, Detroit.

John Bruun is recovering very nicely at Mercy Hospital from a siege of pneumonia.

Miss Virginia Kraus left Sunday for Adrian where she will enter Seana Heights College. Her sister Miss Kathleen is already a student there.

Robert Anthony, who has been clerking in the A & P Store, left last week for Camp Custer, having been inducted into the army from Kalkaska County. He has been transferred to Savannah, Ga., and is with the medical department of an army air base detachment.

Queen Thelma Papendick and her court, Joyce Bugby, Jane Ann Martin, Jean Stevenson and Monica Brady, accompanied by Mrs. Stanley Stealy, left for Detroit on the

midnight train last night. Together the young ladies will attend the hockey game between the Chicago Black Hawks and Detroit Red Wings at Olympia tonight and be presented to the crowd that will be there.

Mr. and Mrs. Francis Warner (Helen Millikin) and two children of Lake Odessa visited over the weekend with the Millikin and Wor-den families here.

The Gamble Store has a pretty winter sports window. It's a replica of the park and very clever. Miss Thelma Hubbell of Hubbell's Hobby Shop is the artist.

Mr. and Mrs. Urban Doty spent the weekend at the home of the latter's parents, Mr. and Mrs. David Montour. They brought with them Mr. and Mrs. Paul Sheppard of Wayne, Miss Mary Presneau and Jack Nixon of Inkster.

On January 20th, about fifteen friends of Mrs. Harry Horton helped her celebrate her birthday at the home of Mr. and Mrs. Walter Eaton. Progressive Pedro was enjoyed; first prize went to Mrs. J. E. Tobin, and consolation to Mrs. W. Eaton. Men's first prize, Roy Pursey; consolation, C. D. Melroy. A dainty lunch was served. Mrs. Horton received many lovely and useful gifts.

Some of the men around Frederic spend their spare time fishing on Bradford Lake. Mr. Pippo catches them 2 in 1 and Mr. Lee looks on and lets all the big ones get away.

Mr. and Mrs. Loyal Cameron of Grand Rapids visited the former's parents, Mr. and Mrs. Cameron Sunday. Mrs. Cameron and her sister Mrs. Henry Trudo of Midland drove to East Jordan and visited their mother Mrs. Peter L. Brown and sister Mrs. Edward Strehl. Returning, Mrs. Brown and the Strehl family drove to Grayling with them.

Mrs. Robert Sorenson entertained twelve ladies Tuesday evening honoring Mrs. William McLeod. The guests brought daintily tied packages that contained gifts for little Richard Albert McLeod, who is a few weeks old. Mrs. Charles Moshier and Miss Mildred Hanson showed their proficiency in a couple of contests that were indulged in for pastime. Lunch was buffet style.

## Frederic News

By Mrs. Harry Horton and Mrs. Betty Nowlin  
Max Tobin left last Thursday night to visit his wife in Sarasota, Florida.

A card received from Mrs. Mary E. Dunckley from Boynton Beach, Florida. She left here January 19 to spend the winter with her two daughters Mrs. David Shirley Steele and Mrs. Charles Mary McClair.

Rev. and Mrs. A. M. Pember and Mr. and Mrs. Clair Melroy had dinner with Mrs. Melroy's sister, Mrs. Irene Cram, Sunday.

## Moose Lodge Activities

Due to the bad weather over the weekend, Deputy Supreme Gov. Andy Beck and the Muskegon ritual team were unable to be at the enrollment held at the Lodge Sunday. Our own ritual team went on the floor, and enrolled three new members into our great order of Moose. Despite the bad weather, there were still quite a few people on hand. Next enrollment will be February 27th.

Our Lodge award, for filling our membership quota, has arrived and is hanging in the lodge room. It is a beautiful, three foot long picture, of the nine o'clock ceremony with lights. It's real nice.

Our next regular meeting will be Friday, Feb. 5th at 8 p.m. at the lodge. A report on our free lifetime membership will be given, along with other things.

There will be an officer and committee chairman meeting this Friday at 8 p.m. sharp.

The W.O.T.M. served a very fine chicken dinner after the enrollment Sunday.

## CARD OF THANKS

I would like to thank all my friends, both old and new, who visited in Veterans Hospital. They were very much appreciated.

## Grayling Places Very Well In Ski Meet

On Thursday, Jan. 21, the Grayling Ski Team traveled to Hickory Hills, in Traverse City for their third ski meet of the season. Previously, Grayling was scheduled to be the host school but lack of snow ended that plan and Traverse City, St. Francis became the host to Grayling and Houghton Lake.

For the boys, Traverse City came in first with 251.6 sec. Grayling was second with 257.0 sec., and Houghton Lake with 364.0 sec. John Cook led the boys with a first place in the giant slalom with the spectacular time of 20.4 and 19.7, and Mickey Stillwagon led the boys in slalom with 20.9.

Houghton Lake does not have a girls' ski team, so the Grayling girls raced against only the Traverse City St. Francis girls. Grayling earned a first with 221.3, while Traverse City had 249.9. Jody Wyman had a first in the total times, and Rhea-Stripe took second in the totals, trailing Jody by only .4 of a second.

The day was a wonderful one for skiing, being neither too cold to be uncomfortable nor too warm to melt the snow, and everyone had a nice time. The sun shone all day long.

Our next ski meet will be at Caberface, skiing against Cadillac and Harbor Springs on Feb. 3rd.

It was a whopper by anyone's standards — a 27 pounds and four ounces of Snook. Minimum Snook entry weight in the program is eight pounds."

Errett Hawker, official weighmaster, reports that Harry Wharf entered the fish yesterday along with a companion Snook that registered an even 18 pounds. This automatically makes Wharf qualified for two Distinguished Angler's Awards and puts him in the running for best in state. Wharf and his brother had each caught the legal limit of four Snook apiece."

Word from the Carl Warnicks at Deerfield Beach, Fla., says that they are having a wonderful vacation, and the weather is just perfect. They had been at Lowell since leaving here and before going on to Florida.

## Services Held In Bay City For Frank Roth

Franklin W. Roth, 57, of 9521 US-21, Montague, restaurant operator, died Tuesday, January 19, 1965, after an illness of two years. He was born February 24, 1907, in Bay City, and married the former Irene Sporman of Bay City April 10, 1934.

He was for sixteen years the partner of Joseph Cincinella, in the Grayling Restaurant, then when the old building burned April 1st 1955, the partnership was dissolved.

Surviving besides his wife are one brother and a sister. Funeral services were held Friday at 3 o'clock at Ambrose Funeral Chapel in Bay City, with burial in St. Stanislaus Cemetery.

Attending from here were Mr. and Mrs. Joseph Cincinella.

The Rev. John W. Smith and eight of the Methodist Youth Fellowship, Kitt and Peter Funck, Darlene Long, Sandy Burkett, Kathy Kelly, Eddie Robertson, Beverly Johnson, and Dave Netters, attended the Sub-District Mission Rally and Youth Rally at the West Branch High gym at 3 o'clock Sunday afternoon. Dr. Glen Eschtruth of the Congo was the speaker.

Mrs. Rex Hawkins and Mrs. Shirley Arnold were in Gaylord Friday on business.

In loving memory of our husband, father and grandfather, Maurice Gorman, who passed away two years ago, January 26, 1963.

Treasured thoughts of one so dear often bring a silent tear. Thoughts return to scenes long past. Time rolls on but memory lasts.

Sadly missed by his family.

St. Mary's Ladies Club

The Altar Guild was in charge of St. Mary's Ladies Club meeting on Jan. 19th, and Mrs. Leland Marshall introduced Sister Mary Noel of Mercy Hospital. Sister Noel had done missionary work at a Leprosarium in British Guiana and so her talk was of many things about leprosy patients. She showed slides to illustrate her talk, some of which she had taken herself.

These dealt with their homes and their modes of living and how they were medically treated so as to become cured or so the dreaded disease might be arrested. It was very interesting coming firsthand.

A short business meeting followed, the Rev. Fr. Collins opening and closing the meeting with prayer. Mrs. Carl H. Nielson, Mrs. Cyril Houle and Mrs. Harry Young served cake and coffee.

## Crawford County Avalanche

Thursday, January 28, 1965

Editor's Note — This is the third of a series of articles to be published by the Avalanche on the income tax as a public service to our readers.

You are required by law to file your 1964 income tax not later than April 15, 1965.

File your tax return with the District Director, Internal Revenue Service, Detroit, Michigan 48226. If your tax return indicates money is owing, make checks payable to "Internal Revenue Service." Any tax that is owed must be paid at the time you file your income tax return.

When the tax return is completed, be sure to attach a Form W-2 for each employer shown on the income tax form. Double check your arithmetic for accuracy. Sign the return . . . if it is a joint return, both husband and wife must sign. Drop the completed tax return in the mail.

\*Do it early — Don't wait till the last minute!

The Internal Revenue Service says "first come, first served" on refunds. Be one of the first!

GRANGE NOTES

The Crawford Grange benefit card party held at the Legion Hall Jan. 23rd was a huge success, in spite of the snowstorm which kept quite a few at home. There were 40 people at Higgins Lake who held a separate party at the home of Mr. and Mrs. Francis Gallagher. The officers of the Grange are very proud and happy for the teamwork in time of trouble.

The next meeting of the Grange will be on February 1st at 8 p. m. at the Higgins Lake home of Mr. and Mrs. John Mallinger. Anyone wishing to arrange for rides may call the George Skingleys, 348-6313, the Alvin Moores, 8-3401, the Norval Stephens, 8-4161 or the Lacey Stephens, 8-4150.

## Twin Bridges

By Mrs. Esther Herrick

Mr. and Mrs. B. J. Mundt and the Fred Herricks took a trip to Midland and Sanford to see Mrs. Jim Hoy as she was brought home from Midland hospital after surgery a week ago.

The Fred Herricks sure feed a lot of birds this winter and enjoy their lively comings and goings; chickadees, blue jays, nuthatches, woodpeckers and even squirrels.

The Bud Bollmans and children spent about two weeks taking their mother home to Blue Island, Ill., where she has her mother, Mrs. Maud Jordan living with her. Then they stopped at Jack Spear's home in Saginaw. Mr. and Mrs. Spear have their cabin at Twin Bridges and spend a lot of time in the summertime. Bill Poorman kept their home and business fires burning for them and did a good job.

Irving Rooker and Tom Morris do a lot of ice fishing this winter with very good luck.

# MICHIGAN TOURIST INDUSTRY SEES GOOD TIMES AHEAD

## SAME SUCCESS

Boon times often seriously affect the success of some businesses, but Michigan's tourist industry members see only a continuing rise in their activities despite any declines, which might occur in the next few years.

Michigan's tourist industry has been experiencing a steady climb in recent years which has not appeared to be affected to any great degree by the sharp changes in

general economic conditions.

In 1964, for example, the projected year-end business activity in tourism was about \$800 million, an overall increase of more than 10 per cent over the previous 12-month period. This hike was just slightly higher than that recorded the past few years.

## GROWING BIGGER

Reorganization and revitalization seem to be a continuing concern to Governor George Romney.

His efforts in these areas in the auto industry once brought him national recognition. Now he is turning his eyes to politics in an apparent attempt to get similar attention through reorganization and revitalization.

Romney started this work several years ago when he helped organize Citizens For Michigan, a non-partisan group designed to improve state government.

His efforts suffered a setback when criticism was heaped upon him, charging he used the group as a tool to boost himself into political office. The Citizens-group was largely responsible, however, for the convening of the 1961-62 Constitutional Convention.

Criticism also came to Romney in 1962 and since then he twice successfully ran for Governor with little attention to the existing Republican Party leadership and organization.

Now, active in both the national and state Party units, Romney says improvements in organization are needed in the GOP. On the state level he is now viewed by most party regulars as the only effective candidate they have. Thus, his reorganization plans are likely to get full hearing.

His national stature, difficult to evaluate from within his home state, will depend largely on whether the cause he supports succeeds. Undoubtedly his current reorganization and revitalization work will also draw charges of "self-serving" from his opponents. They know only too well that if he succeeds in his newest efforts, he will be an even more venerable candidate for public office, statewide or national.

## MORE PROTECTION

Michigan's regulatory agencies in the medical and related fields are in severe need of additional staff if the public is to be adequately protected, warns Attorney General Frank J. Kelley.

A study by Kelley's office, prompted by the recent disclosure of a Detroit doctor who successfully posed as a doctor for four years, showed agencies dealing with the healing arts were almost totally ineffective, where policing is concerned, because of inadequate staffs.

The study included boards dealing with chiropractors, podiatrists, pharmacists, dentists, osteopaths, optometrists, medical doctors, nurses and psychiatric attendants.

Citing the Detroit case, Kelley said, "The billions of dollars spent on training, research, drugs, equipment, hospitals and medical insurance can all be tragically mean-

ingless to the families victimized by a hoax made possible by failure to provide the few thousand dollars required to adequately police these healing arts."

Imperative need for improvement in the investigation area is shown not only in the Detroit case, said Kelley, but in the other fields as well.

The lone Board of Nursing investigator, for example, traveled over 2,400 miles in a three-month period last year and was able to act only on complaints because of the heavy work load. It was impossible for him to initiate any investigations.

At together the eight boards involved regulate nearly 70,000 professional members and have a total of nine employees to investigate practices. Some boards have no investigators, one of which regulates 2,250 osteopaths in the state.

The State Board of Nursing, Kelley said, has regulatory powers over 46,232 licensed nurses in Michigan. This includes registered, practical and psychiatric attendants.

# DAYS ARE LONGER, BUT STILL COLD

Ann Arbor -- The lengthening of daylight this month will make little mark on the cold weather, University of Michigan astronomer Hazel M. Losh says.

The old saying, "As the days lengthen, the cold strengthens," is particularly appropriate during January. The rate of earth's heating has not yet overtaken its rate of cooling. It will in early February.

Since the winter solstice (Dec. 21, 1964) the days have been growing longer until, by the end of January, there will have been

## Crawford County Avalanche

about an hour increase over the short days of December, explains Professor Losh.

"One might think that the coldest time of the year would come with the winter solstice, when the number of sunlight hours is least and the intensity of the sunlight is a minimum. But this is not necessarily the case.

"The peak of the winter season usually comes from four to six weeks after the solstice. For a period, the northern hemisphere loses more heat at night than can be replaced by the sun during the shorter-than-average days.

Professor Losh also notes that "the lengthening of the day is more noticeable in the evening with the later setting of the sun than in its earlier rising in the morning."

### Twilight Twirlers

Fifteen members of the Twilight Twirlers put on a recital Friday January 15th, at the Grayling High gym. Performing were Debbie and Nancy Bartholomew, Susan Bourrie, Nancy Brown, Patricia Christian, Gail Desso, Arvilla Galvani, Elizabeth Halstead, Jackie Hull, Colleen Kelly, Kathy Kelly, Debbie Miller, Ellen Root, Pennie Taylor and Mary Wilson.

Several classes twirled and the drill units presented several numbers. Nancy Brown did a solo and the evening was topped off by a comedy duet by Susan Bourrie and Nancy Brown.

New classes are beginning again for girls, and a boys' military drill will be starting in a few weeks. The Moose Lodge is taking registrations.

Work is beginning on new parade routines for the summer. Some parades have already been scheduled.

**HONORED KIWANIANS**— Pictured above are the four charter members of the Kiwanis Club of Grayling who were in attendance at the anniversary banquet held Monday, January 18th. From left to right, are: Fred Welsh, Sr., T. P. Peterson, Emil Giegling, and Dr. J. F. Cook. The last two named men hold the beautiful birthday cake which noted not only the club's 30th anniversary, but, also the 50th celebration of Kiwanis International. Two other charter members were not able to attend. They are: Dr. C. G. Clippert and Willard Cornell. Dr. Clippert served as the club's first president while Giegling was the second president and later served as Lieut. Governor of the division. Dr. Cook also served a term as the club president.
